DOMINION ORDERS IN COUNCIL.

[Ref. 1,194,153.]

AT THE GOVERNMENT HOUSE AT OTTAWA

Wednesday, the 16th day of May, 1906.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-GENERAL
IN COUNCIL.

ON a Report dated 7th May, 1906, from the Minister of the Interior, stating that Mr. John Oliver is the purchaser of legal subdivision 1 of Section 16, Township 40, East Coast Meridian, as the assignee through a chain of assignments from the original purchaser; that part payment has been made by the purchaser and that an application for a reduction in the purchase price has now been made on the ground that the low lying portion is in the Upper Coquitlam Dyking area and is liable to a very heavy charge for dyking as well as a very heavy annual charge for maintenance for dykes, pumping, etc.

The Minister further states that the Agent of Dominion Lands at New Westminster, who was asked to report in the matter, now states that he made a fresh inspection of the parcel and found about one-half to be of no intrinsic value; and suggests that Mr. Oliver be treated on the same basis as Messrs. Donald McLean, John Morrison and R. G. Mounce and the Corporation of the City of Vancouver, in whose favour patents were issued for certain portions of land in Sections 4, 5 and 8 in the said township on the completion of the purchase money at the reduced rate of \$2.50 per acre.

The Minister also states that, with reference to the case of Donald McLean, John Morrison and R. G. Mounce, to which the Agent alludes, that these persons and the Corporation of the City of Vancouver were permitted to purchase at the rate of \$5.00 per acre certain portions of land in the sections mentioned and that part payment having been made and it having been represented that the work of dyking had been more expensive than originally contemplated and that much expenditure would still be required, it was decided that the price should be reduced to \$2.50 per acre, and an Order in Council, dated 3rd January, 1903, was, in consequence, passed authorising the issue of patents to the purchasers on the completion of the purchase money at the reduced rate of \$2.50 per acre.

The Minister submits that the case of Mr. Oliver is in his opinion similar to that of the individuals and the Corporation above mentioned and he, therefore, recommends that he be authorised to issue a patent to Mr. Oliver for the said legal subdivision 1, of Section 16, Township 40, East Coast Meridian, on the completion of the purchase money at the reduced rate of \$2.50 per acre.

The Minister also states that it has also been suggested by the Agent of Dominion Lands that the scraggy timber on the rock portion of the legal subdivision in question shall not be reserved in the patent as such timber would serve as a shelter for stock and could be utilised for fuel; and in this connection draws attention to the fact that clause 14 of the British Columbia Regulations, approved by an Order in Council, dated 17th September, 1889, provides that timber had to be reserved in all patents for lands in the Railway Belt in British Columbia, and that the Order in Council of the 15th July, 1889, and the 19th May, 1902, exclude only from the operation of this clause homesteaders who have earned their patents.

The Minister, therefore, further recommends, as he is of the opinion that the suggestion made by the Agent that the timber be not reserved in the patent should be approved, that the scraggy timber on the rock portion of the said legal subdivision 1 of Section 16, Township 40, East Coast Meridian, be not reserved in the patent.

The Committee submit the same for approval.

Clerk of the Privy Council.
